

PUBLIC INPUT SUMMARY

Overview

Comments were collected online from October 31, 2017 - November 19, 2017. Residents in the area South of the US60, West of Rural Rd, North of Baseline, and East of Mill Ave (415 households) were invited to participate in the process via postcard. Notices were also posted on Nextdoor directing residents to the website. Sixteen residents responded to the survey online.

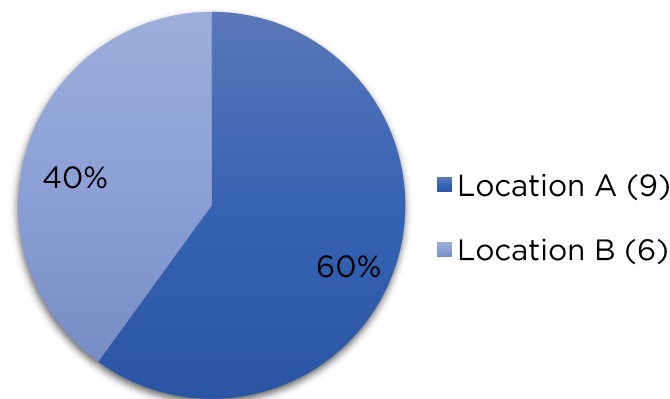

The proposed designs included different placements of the ramada and residents were asked to provide comments on the location as well as the style and materials for the columns.

Map of Survey Respondents

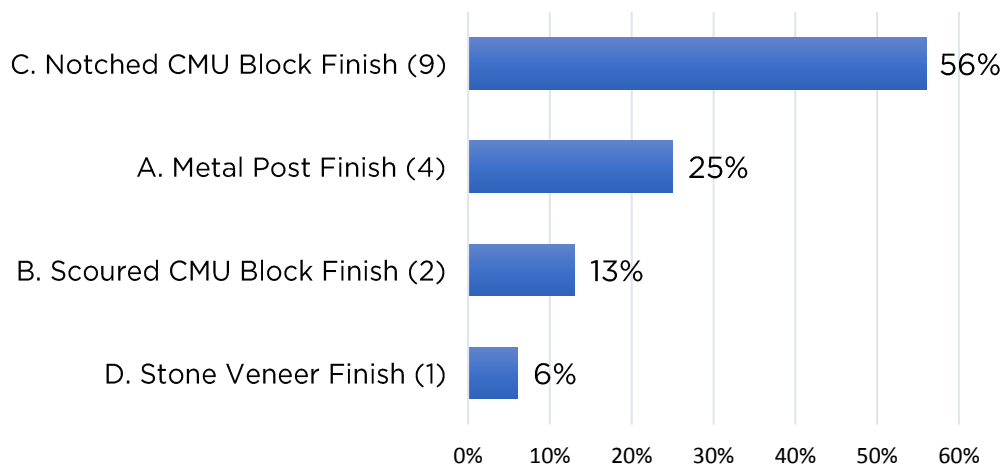

Survey Responses

1. Which ramada location do you prefer?

2. Which ramada column material do you prefer?

3. Additional comments:

1. Looking forward to making this a better and safer park.
2. Doesn't it make more sense to have a ramada away from the trees, even further north towards the freeway wall where there is no shade? Thanks for asking. Kudos to Craig and his team for keeping our parks looking so great.
3. Will there be lighting in the ramada? There so many dark areas in the park. Will this be another dark structure in the park?
